

HOW MRS. BEAN MET THE CRISIS

Carried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Nashville, Tenn.—“When I was going through the Change of Life I had a tumor as large as a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought Lydia E. Pinkham's Vegetable Compound would cure it. It helped both the Change of Life and the tumor and when I got home I did not need the doctor. I took the Pinkham remedies until the tumor was gone, the doctor said, and I have not felt it since. I tell every one how I was cured. If this letter will help others you are welcome to use it.”

—Mrs. E. H. Bean, 525 Joseph Avenue, Nashville, Tenn.

Lydia E. Pinkham's Vegetable Compound, a pure remedy containing the extractive properties of good old fashioned roots and herbs, meets the needs of woman's system at this critical period of her life. Try it.

If there is any symptom in your case which puzzles you, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

TIRED WORKING MEN

A Local Druggist Suggests a Remedy for Overworked, Run-Down Men

The following letter from Manager Hodges recounts the experience and condition of many Barre men. Read this letter and our offer which follows:

Brooklyn, N. Y. “I am a general office manager, and became so nervous and run-down in health that I lost my appetite and finally my health broke down completely, largely because of overwork. I tried beef, iron and wine, and other remedies, without help. I saw Vinol advertised and soon after taking it I noticed an improvement. I now have a hearty appetite, sleep better, feel better and have gained considerable in weight.” Samuel Hodges, 501 Stone Avenue.

The reason Vinol is so successful in such cases is because it contains the three oldest and most famous tonics, viz.—the medicinal elements of fresh cod livers without oil, peptonate of iron and beef peptonate.

We ask every run-down, overworked man in Barre to try a bottle of Vinol, with the understanding that their money will be returned if it fails to help them as it did Mr. Hodges.

RANDOLPH

The Late Azro B. Cushman Was a Leading Citizen.

By the passing of Azro B. Cushman, Randolph has lost a valued citizen, who has been identified with many business interests, holding many offices of trust with great efficiency and perfect honesty. Mr. Cushman was born in Braintree, July 23, 1844, one of three children to William and Emily Ford Cushman. Azro resided in Braintree through his early life, and April 27, 1870, in Conventry, he married Mary Jane Riford of Braintree, who survives him. The only surviving member of his family is a half sister, Mrs. William Messer, residing in Barre. Mr. Cushman had acquired considerable land and village property, including the corner block on Pleasant street and Randolph avenue, the building long being known as the Cushman block, and here had his office. During his usual health he conducted a real estate business and it is said that in that time he sold seventy-five houses in town and many farms. He was selectman of the town and had also served as trustee of the village and took much interest in the affairs of the town. Early in life and before his marriage he united with the Baptist church, and for years had been a deacon of that church, to which he was greatly devoted. He was in politics a Republican. The blow falls heavily upon his wife, they having been tenderly attached to each other, living in a very quiet manner their happy life. The funeral will be held at the home on Franklin street, where they had lived for the last forty-five years, the Rev. J. H. Thompson officiating, and interment will be in the family lot, on Saturday afternoon.

George Linton and family are to move to Lyme, N. H., where Mr. Linton has found employment for the present.

Mrs. Augusta Bourne, and not Bowen, as was first reported, who was seriously burned and brought to the sanatorium, is now thought to be making a good recovery.

Rev. M. J. Oteyee is critically ill, having the prevailing epidemic, in addition to a complication of troubles, which makes his case a very serious one.

A son, weighing seven and one-half pounds, was born at the sanatorium the 25d, to Mr. and Mrs. M. T. Elliott.

Miss Sadie Spooner has gone to New York City for a few days, after which she will go to Lake Helen, Fla., for the rest of the winter.

Miss Olivia Bascomb, who has been with Mrs. E. S. Fug for a month, has gone to St. Albans to pass a few days with her husband's relatives before returning to her home in Portsmouth, N. H.

The speaker at the next Brotherhood meeting on Monday night will be Rev. J. W. Barnett of Barre, who will speak against preparedness for war.

J. M. Loan has moved his family from the farm of J. J. Stimets to the Kimball place on Elm street, and Simon Poirier has taken the farm vacated by him.

Miss May Cross of Springfield, Mass., has come for a few days' stay with her mother, Mrs. A. B. Cross.

Dr. H. H. Hayward, who had several exhibits at the Lebanon, N. H., poultry show, won 1st and 2d cockerel, 1st pen, 2d cock, 3d hen and 4th and 5th pullets, in the Buff Wyandottes.

Oscar Manchester has gone to Windsor, where he has employment in the machine shop.

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick, Wavy, Glossy and Beautiful at Once

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair-health. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.—Adv.

ill with gripe, and her daughter, Mrs. A. B. Monroe, has been called from Windsor to assist in her care.

Harry Emery of Bethel has purchased of Arthur Robinson of this place the property known as “The Maples,” but the present manager, M. H. Smith, will remain in the same till his lease expires.

F. L. Harvey of Lynn, Mass., has been engaged as a special teacher for the commercial department in the high school and will also coach the boys in athletics. Mr. Harvey is a graduate of the high school at North Easton, Mass., and the Salem Normal school, and has also had four years' experience in teaching.

AMUSEMENT NOTES

Seldom has any play received such unanimous commendation from the exacting dramatic critics as that accorded “Twin Beds,” Salisbury Field and Margaret Mayo's screamingly funny farce of life among the apartment house dwellers, which kept all New York roaring with laughter for exactly fifty-two weeks the past season and which will be the attraction at the opera house on Saturday, Jan. 29, matinee and evening, presented by Selwyn & Co., the firm that gave the stage “Within the Law” and “Under Cover.”

“Twin Beds” tells a consistently laughable story of the domestic difficulties, the suspicions and the embarrassing adventures of three married couples—a pair of newly-weds, an amorous Italian opera singer and his Amazonian spouse, and an innocent neighbor and his doubting wife. All of the scenes are laid in the New York apartment house in which all three couple live.—adv.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink, taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into a stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation, should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Adv.

Mr. and Mrs. W. E. Bliss Observe Golden Wedding Anniversary.

Friends to the number of 40 gathered Tuesday at the home of Mr. and Mrs. W. E. Bliss to celebrate the 50th anniversary of their marriage. The gathering was entirely informal, no invitations having been issued, and was a surprise to Mr. and Mrs. Bliss. The friends were received in the room in which the ceremony took place 50 years ago, bringing hearty congratulations and remembrances of beautiful flowers. Appropriate poems were read and refreshments of cake and coffee were served.

Warren Earl Bliss and Elmina B. Marsh were married by Rev. Lester Warren, Jan. 28, 1866, at the home of the bride's father, Charles B. Marsh, in East Calais. They lived a short time in Hartford Conn., moving from there to Toledo, O., where their children, Sylvia H., Clifford E., and Grace M., were born. Later they lived for several years in Des Moines, Ia., returning in 1885 to Vermont, where they have since lived on the farm where Mrs. Bliss was born. With them are their three children, their son's wife, who was Lou Whitney of Granville, and Barbara, the only grandchild, whose coming marked the final year of the half century. Mr. Bliss served four years in the Civil war in Company G, 4th Vermont regiment.

Several of those present 50 years ago are still living, but were unable to attend. The wedding was a double one, Marcus C. Keniston, who died in 1913, and Ellen Marsh, a sister of Mrs. Bliss, who died in 1899, being married at the same time. The eldest son of Mr. and Mrs. Keniston, Leon A., and his family, were present, bringing a portion of the original wedding cake, which was made by another sister of Mrs. Bliss, Mrs. D. A. Bancroft of Montpelier. The guests received a hearty welcome from Mr. and Mrs. Bliss and family, a thoroughly good time was enjoyed by all, and the guests departed wishing them many more happy years and a chance to come to their diamond wedding.

Mrs. Chandler and Mrs. Campbell of Woodsville, N. H., are nursing in the family of Dell Dwinell.

Mrs. C. J. Lamb was a visitor at Hubert Hollister's in Marshfield Wednesday.

Mr. and Mrs. Galen Hatch are the happy parents of a son, born Jan. 25. Mr. and Mrs. Will Hall of Marshfield were in town Wednesday.

Royal Baldwin of Iraaburg was a business visitor in town Monday.

A. C. Holt went to Burlington Monday.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Thick

The old-time mixture of sage tea and sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the musky mixing at home. All drug stores sell the ready-to-use product called “Wyeth's Sage and Sulphur Compound,” for about 50 cents a bottle. It is very popular, because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.—Adv.

WANTED

Proposals for Erecting Supreme Court, Library and Office Building at Montpelier and Proposals for the Heating and Electric Wiring of the Same

Sealed proposals for erecting the supreme court, library, and office building for the state of Vermont at Montpelier, and separate sealed proposals for the heating and electric wiring of the same will be received by the secretary of the commission, Horace F. Graham, auditor of accounts, at his office in the State House at Montpelier, Vermont, until 12 o'clock noon, Tuesday, February 15, 1916.

Proposals for this work are to be made from plans and specifications of Densmore & LeClear, architects and engineers, 88 Broad street, Boston, Massachusetts, and Rialto building, Montpelier, Vermont.

The plans, specifications and proposal form upon which the bids are to be made may be seen at the Montpelier and Boston offices of the architects and engineers on and after Wednesday, January 26, 1916, in the case of the building plans, and Monday, January 31, 1916, in the case of the heating and electric plans, or plans and specifications for individual use may be obtained by application to either office.

A certified check in the sum of \$500, payable to the state of Vermont, will be required with the bids for the building, and certified checks in the amount of \$250 will be required with the bids for the heating and the electric work. A satisfactory surety bond will be required with the contracts. The certified checks of the unsuccessful bidders will be returned to them directly after opening the bids.

All proposals should be plainly marked “Proposals for Erecting Supreme Court, Library, and Office Building for the State of Vermont,” or “Proposals for Heating the Supreme Court, Library, and Office Building for the State of Vermont,” or “Proposals for Electric Wiring for the Supreme Court, Library, and Office Building for the State of Vermont.”

The commission for the erection of the above building reserves the right to reject any and all bids. Montpelier, Vermont, January 24, 1916.

HORACE F. GRAHAM, Secretary.
